

RAVENOL Professional Engine Cleaner

ART.-NR. 1390321

300 ml | 1390321-300

Concentrate for engines

RAVENOL Professional Engine Cleaner is active concentrate for longer oil cleanliness for all petrol and diesel engines (with and without catalytic converter).

RAVENOL Professional Engine Cleaner can also be used in motorcycles, except motorcycles with wet clutch.

RAVENOL Professional Engine Cleaner effectively breaks down dirt accumulation and sludge deposits in the engine compartment using intensive-cleaning tensides and removes these effectively when draining used oil.

RAVENOL Professional Engine Cleaner cleans and rinses the entire engine system.

Application Notes

RAVENOL Professional Engine Cleaner is added to the warm motor oil.

Area of application:

- If black sludge is suspected
- In the event of hydraulic tappets rattling
- In the event of delayed oil change
- For soiled engines or used oil

Dosage: 300 ml RAVENOL Professional Engine Cleaner are sufficient for one application of approx. 5L oil, regardless of manufacturer and motor size.

Application: Add the contents to the warm motor oil before changing oil. Do not go below the minimum oil level. For max. effect, allow to run for up to 10 minutes. Afterwards, immediately replace oil and filter. **RAVENOL Professional Engine Cleaner** is not for use in motorcycles with wet clutch.

Characteristics

RAVENOL Professional Engine Cleaner provides:

- Long-term effectiveness and clean fresh oil
- Remedy for soiled engines
- Protection against compression loss in the area of the piston rings
